

Annex 3.: BIX Fees English version

a) BIX fees in HUF

BIX service basic fee: HUF 135 000 / year

The BIX service basic fee is payable in advance for each item year. New BIX Members, if they join in the second half of the year, only a half-year basic fee will be charged in the item year.

Port fees

Active ports	Monthly fee	Setup fee
1 Gbps (on 10 Gb ⁽¹⁾ port)	HUF 0 ⁽²⁾ /HUF 25 000	HUF 30 000
4 Gbps ^{(1) (3)} (on 10 Gbps ports)	HUF 75 000	HUF 0
10 Gbps	HUF 140 000	HUF 0
25 Gbps	HUF 280 000	HUF 0
10 Gbps ⁽¹⁾ (on 100 Gbps port)	HUF 190 000	TBD / HUF 0 ⁽⁴⁾
40 Gbps ⁽¹⁾ (on 100 Gbps port)	HUF 375 000	TBD / HUF 0 ⁽⁴⁾
100 Gbps	HUF 580 000 / HUF 464 000 ⁽⁵⁾ / HUF 406 000 Ft ⁽⁵⁾	TBD / HUF 0 ⁽⁴⁾

b) BIX fees in EUR

BIX service basic fee: EUR 400/year

The BIX service basic fee is payable in advance for each item year. New BIX Members, if they join in the second half of the year, only a half-year basic fee will be charged in the item year.

Port fees

Active ports	Monthly fee	Setup fee
1 Gbps (on 10 Gb ⁽¹⁾ port)	EUR 0 ⁽²⁾ / EUR 75	EUR 99
4 Gbps ^{(1) (3)} (on 10 Gbps ports)	EUR 225	EUR 0
10 Gbps	EUR 400	EUR 0
25 Gbps	EUR 800	EUR 0
10 Gbps ⁽¹⁾ (on 100 Gbps port)	EUR 500	TBD / EUR 0 ⁽⁴⁾
40 Gbps ⁽¹⁾ (on 100 Gbps port)	EUR 1 100	TBD / EUR 0 ⁽⁴⁾
100 Gbps	EUR 1 600 / EUR 1 280 ⁽⁵⁾ / EUR 1 120 ⁽⁵⁾	TBD / EUR 0 ⁽⁴⁾

Notes:

- (1) On the bandwidth limited ports (1/10G, 4/10G, 10/100G and 40/100G) the total bandwidth is available. The usage of the port is evaluated based on the 95% utilization rate rule, according to the industrial norm. See the details in paragraph 5. e) of the BIX Charter annex of the General Terms and Conditions. In the case the port utilization is over the limit, then +10% surcharge shall be applied, unless the BIX member has only one 4/10G port at any Budapest BIX nodes, where the 10% surcharge shall not be applied. In case of 10/100G ports, if the port utilisation exceeds the 10Gbps and stays below 40Gbps, then the 40/100G port surcharge fee (+700 EUR) shall be charged, if the utilization exceeds the 40Gbps, then the 100G BIX port surcharge fee (+1200 EUR) shall be applied for the given month.

Promotions:

- (2) Only on Budapest nodes for the first 1 Gbps open-peering port **up to 2Gbps utilization** no monthly fee applies if the BIX member has no additional ports. In case of overutilization between 2Gbps and 3Gbps HUF 60 000 / 175 EUR monthly fee shall be paid.
- (3) Only on Budapest nodes, if the first 4/10Gbps port is ordered together with 1 backup port, it provides 10Gbps utilization in total at no extra charge (no additional ports can be on the name of the Customer).
- (4) The one-time fee of the first 100GBase-LR active port shall be waived, otherwise the one-time fee will be equal to the monthly fee for the active 100G BIX port.
- (5) The monthly fee of the second 100Gbps active port is 80% of the first port fee (HUF 464 000 / EUR 1280), from the third port onwards 70% of the first port fee (HUF 406 000 /EUR 1120) shall be applied.

Discounted prices for reserve ports:

Discounts of reserve ports are 75% of the monthly active port fee! See the details in paragraph 5. e) of the BIX Charter annex of the General Terms and Conditions.

Suspended ports:

The monthly fee of suspended ports are 20% of the active port monthly fee!

c) Fees for auxiliary services in HUF

Description	Monthly fee	Setup fee (one-time fee) ⁽²⁾
Private VLAN	HUF 12 000/VLAN/year	HUF 10 000
10G Ethernet data transmission Budapest - Budapest	HUF 100 000	HUF 100 000
10G Ethernet data transmission Vienna - Budapest	HUF 180 000	HUF 180 000
100G Ethernet data transmission Budapest - Budapest	HUF 340 000	HUF 340 000
more the 2 connections, special enquiries	to be discussed	
Wavelength service	HUF 60 000	HUF 60 000
Double Wavelength service	HUF 100 000	HUF 100 000
Optical connection (crossconnect) within BIX-VH optical distribution board	free	HUF 30 000
Endpoint of optical patchcord in BIX-VH optical distribution board without termination	free	HUF 60 000

(place reservation for 12 monomode fiber)		
Endpoint of optical patchcord in BIX-VH or BIX-DPX optical distribution board (12 monomode fiber)	free up to 2x12 monomode fibers and HUF 50 000/year for each 12 monomode fibers above from the beginning of next year	HUF 180 000
Endpoint of optical patchcord in BIX-VH or BIX-DPX optical distribution board without termination (place reservation for 12 monomode fiber)		HUF 75 000
Co-location service* maximum 2U, maximum 150W	HUF 50 000	HUF 50 000
Co-location service* maximum 4U, maximum 500W	HUF 150 000	HUF 100 000
Co-location service* 1U passive device	HUF 6 000	HUF 6 000
IP management access for Co-location (10Mbit) including /31 IP address range*	HUF 12 000	HUF 12 000
Remote hand service (per hour)*	HUF 30 000	N/A
Optical connection (crossconnect) within BIX-DPX infrastructure (1 pair of optical fiber)	free	HUF 150 000

*Not available at the Vienna node.

d) Fees for auxiliary services in EUR

Description	Monthly fee	Setup fee (one-time fee) ⁽²⁾
Private VLAN	EUR 40/VLAN/year	EUR 40
10G Ethernet data transmission Budapest - Budapest	EUR 300	EUR 300
10G Ethernet data transmission Vienna - Budapest	EUR 500	EUR 500
100G Ethernet data transmission Budapest - Budapest	EUR 1020	EUR 1 020
more the 2 connections, special enquiries	to be discussed	
Wavelength service	EUR 200	EUR 200
Double Wavelength service	EUR 300	EUR 300
Optical connection (crossconnect) within BIX-VH optical distribution board	free	EUR 80
Optical connection (crossconnect) between BIX-VH optical distribution board and Co-location	free	EUR 160
Endpoint of optical patchcord in BIX-VH or BIX-DPX optical distribution board (12 monomode fiber)	free up to 2x12 monomode fibers and HUF 50 000/year for each 12 monomode fibers above from the beginning of next year	EUR 500
Endpoint of optical patchcord in BIX-VH or BIX-DPX optical distribution board (place reservation for 12 monomode fiber)		EUR 200
Co-Location service*	EUR 150	EUR 150

maximum 2U, maximum 150W		
Co-location service* maximum 4U, maximum 500W	EUR 450	EUR 300
Co-Location service* (1U passive device)	EUR 20	EUR 20
IP management access for Co-location (10Mbit) including /31 IP address range*	EUR 40	EUR 50
Remote hand service (per hour)*	EUR 100	free
Optical connection (crossconnect) within BIX-DPX infrastructure (1 pair of optical fiber)	free	EUR 400

*Not available at the Vienna node.

All Customers contracted by foregin (registered outside of Hungary) entities shall be invoiced in EUR. In the case the Customer connects to BIX Operator in BIX Vienna Digital Realty PoP (BIX-VIE: InterXion VIE1 Louis Häfligerasse 10, 1210 Vienna), then the Customer shall connect to BIX Operator in the Digital Realty MMR according to the LOA (letter-of-authorization) issued and duly signed by BIX Operator. The optical patching (cross-connect) within the MRR shall be ordered and paid by the Customer.

Prices do not include VAT.
